After School Classes Session 3 Jan 23 - Feb 27

Count Chloe's Math Club

Creativity is at the core of what mathematicians do. This program is an opportunity for extra math explorations for students in JRK and K. We will focus on constructing number sense, noticing and exploring patterns and delving into the creative side of mathematics. We will be working hands on with different manipulatives and playing games that strengthen early math understanding.

Location: Grade 1 Room (Rm 1)

Instructor: Chloe Hensold

Grades: JK/K

When: Mondays from 3:45-4:45

Fee: \$125 per session (5 weeks)

Minimum: 5 students, maximum 10 students

Snack: Please pack extra snacks for your child

Enrollment will be accepted with payment only.
