PCMR Ski & Snowboard Program Levels

P A R K C I T Y
D A Y S C H O O L

Skier Levels (Kindergarten-Grade 9)

Level 1	I've never skied before or cannot yet stop.
Level 2	I can wedge, stop and ride the lift.
Level 3	I can control speed with turn shape on green terrain.
Level 4	I am or have started to match skis through the turn and ski some blue terrain.
Level 5	I ski parallel most of the time and can ski on all blue terrain.
Level 6	I ski parallel with a pole plant consistently on all blue and some black terrain.
7 & above	I make dynamic parallel turns and am ready to develop skills for varied all mountain terrain. This group may be sub-divided into several groups.

Snowboard Levels (Kindergarten-Grade 9)

Level 1	I've never boarded before.
Level 2	I can glide & traverse: I'm ready to make single turns to stop in both directions.
Level 3	I can link skidded turns on green terrain.
Level 4	I can link turns and ride comfortably on all green terrain and some blue.
Level 5	I'm improving carved turns, basic freestyle moves, and can ride all blue and some black terrain.
Level 6	I make carved linked turns and can ride any terrain with control.

IMPORTANT: When choosing levels, to assist in proper placement, please give an accurate assessment of your child's skills to the best of your knowledge. Children may be moved to a different grouping upon evaluation of individual skills, and may move throughout the program if proper skills have been mastered. Be aware that terrain usage is chosen by the professional instructor and is done so to allow for optimal skill development. If movement of a child is needed after assessment, it will be done as soon as possible, however please keep in mind that sometimes it is more important for a child to enjoy the group that he or she is skiing or riding with as long as they are within the level requirements of the overall group, and that terrain is not an issue.

PCMR 2010-2011 Preschool/JrK Skier Levels

Please pick one level from the below choices that best fits your student's current skiing ability to the best of your knowledge. Our professionally trained staff will assist finding the group that keeps them happiest and allows for growth. Our goal is safety, fun and education, but sometimes little ones are happiest skiing with their friends (no matter what level skiers they may be). For the pleasure of all, every early childhood participant **MUST** be a willing participant.

1. My student has never skied, or wasn't successful in attempts on the snow last season when trying to make a wedge/pizza.
2. My student skied last season and learned to make a wedge, or did make a wedge while balancing without assistance, not using an *edgie wedgie*.
3. My student can control speed and make directional changes.
4. My student can control speed by making large turns, and is ready to start learning to match skis at the bottom of the turn.
